I would like to declare my intent to participate in the College Credit Plus program. I understand that signing this form does not require that I participate during the upcoming school year and I may decide not to participate without consequence. I also understand that it is my responsibility to notify my school if I do not gain admission to my selected institution of higher education or choose not to participate for some other reason.

In addition, I certify that I have received counseling about the College Credit Plus program concerning the rules and regulations for both my school and the college, and that I understand my responsibilities, the benefits, and the possible risks of participating in the College Credit Plus program.

Select an option for tuition and credit (See page 5 of the CCP Program Handbook for more detail).

- Option B (Most common - public tuition reimbursed by the Department of Education and Workforce/Private tuition may be charged; school pays for textbooks; college waives course fee; high school and college credit)
